Out Youth (Local for Texas),

Out Youth really helped me meet other LGBTQ+ youth in Austin (where I lived) and was my first real interaction with other LGBTQ+ youth. Attending even one of their meetings was really beneficial to me because it showed me that there are more people like me, as close as my home city! It was really great to make new friends and have a community to talk to and support you, which is very important to me.

Them Magazine

Them creates a space to explore all facets of LGBTQ+ identity. It has helped me learn more about the incredible culture and identity of the wider Queer community.

Gender Spectrum

Gender spectrum helped me see that I was not alone in the world and that other people are going through the same struggles.
